

Steve Tandy

The Golf Specialist

Steve is now into his 18th year as a professional entertainer and has become very popular as an after dinner speaker, due to his ability to tailor his material to the audiences in front of him.

His impressions of everyone from television stars and sporting personalities, mixed with gags and stories about his career, gives you a speaker with a difference. From the stars of Coronation Street to Jim Davison, Jethro, Julian Clary - and his hilarious tribute to Rolf Harris, his act has got to be seen to be believed.

A keen golfer, Steve has participated in many Corporate and Company golf days, taking part in the golf on the day, and using the events of the day as part of his speech after the dinner.

His impressions of Alex Hey, Peter Allis and Seve Ballesteros go down particularly well. Steve will also, if asked, present the prize giving, with hilarious results, which only add to the enjoyment of the day.

Steve has entertained at golf days for: Birmingham City, Northampton Town, Calor Gas, Allibert, J.B.S., Norflex, A.N.C., Rexham and many, many others.

Steve's talents have taken him far afield including Singapore, for a dinner for Tim Muntons' benefit year, Monte Carlo for Lloyds T.S.B., Belize, Holland and Germany for Company dinners and golf days. But one of his favourite moments was speaking at a dinner in the House Of Lords in Anc Mole's benefit year.

He is also very popular at sportsmen's dinners, and has also worked with many of the top sports personalities on the after dinner circuit and at conferences. At conferences, Steve has been engaged, and provided, a light-hearted ending to the day's events.

So, in conclusion, if you require a speaker with a difference, along with a wealth of experience, then Steve Tandy is for you!
